✓ CERTNEXUS® CERTIFICATION ROAD MAP

CertNexus is proud to work with many United States government agencies to provide certifications that can further organizational capabilities and advance careers. Whereas some exams have been approved to fulfill the U.S. Department of Defense (DoD) 8570/8140 Directive, all training and related credentials can assist individuals in advancing emerging technology skills and knowledge. CertNexus can help you prepare to deploy an AI or IoT project or shoulder the responsibility for securing your infrastructure.
