

Attention testing candidates:

Important test center procedures regarding COVID-19

Please review and agree to the following requirements before entering the test center. If you cannot agree, do not enter the Pearson Professional Center. Please reschedule online or contact your exam sponsor with questions.

By appearing to test, you certify that:

- You have not been diagnosed with COVID-19 or been in close personal contact with someone who has a confirmed diagnosis in the last 14 days.
- You have had no flu-like symptoms in the last fourteen days, such as fever or chills and a cough, sore throat, or shortness of breath in the last 72 hours.
- You are not under 14 days' observation demanded by government and healthcare authorities.
- You have not been in close personal contact with someone who recently travelled outside of India or returned to India within the last 14 days.

If you meet the above requirements and enter the test center, please follow the guidelines below and be aware of the practices in place to protect yourself and other candidates:

Requirements from local authorities:

- You are strongly encouraged to show your Arogya Setu App (updated on the date of the test) on a best-effort basis before entering the test center. You will not be admitted to the test center if the App shows you are at risk.
- You are strongly encouraged not to enter the test center if you are pregnant or above 65 years of age.
- You will have your temperature taken with a contactless thermal sensor at your forehead. If your temperature is above 37.5 Celsius, you will be asked to reschedule your exam for a different day (free of charge). Please note that the test center will take record of your body temperature if it is above 37.5 degree Celsius and you are asked to reschedule your exam.
- You will abide with the rules and guidelines of the test centers and shall fully cooperate with the authorized personnel of the test centers in implementing these policies.
- You must bring and wear your own face mask while you're at the test center and throughout your exam. Any surgical or cloth face mask, including a homemade face mask, is acceptable as long as your nose and mouth are fully covered. Candidates without a face mask will be denied testing services. We are unable to provide face masks to candidates. Test-takers may be required to remove their mask during registration and ID checks and after any toilet breaks to confirm their identity.
- Stay > 2 yards away from other people in the waiting area and during the admissions process.

Requirements from Pearson VUE:

- Wash your hands in the restroom upon arrival at the test center.
- Be self-disciplined about following social distancing guidelines and stay > 2 yards away from other candidates.
- Use hand sanitizer upon guidance from test center staff before admissions process and before entering the testing room.
- Use the tissue provided to cover your nose and mouth in case of sneezing or cough.

Our test center staff is following strict cleaning regimens after each admission session and exam session, including disinfecting all items that candidates come into contact with.

We hope that, with the above measures, we can ensure a clean and hygienic testing environment. Thank you in advance for your cooperation.
