AGENCY LICENSING REQUIREMENTS

An agency is defined as a business entity which represents one or more insurers in the business of selling, soliciting, or negotiating insurance. Agency also means a business entity insurance producer. The Georgia Insurance Department requires that every agency with a Georgia business address be licensed.

To become licensed as an agency apply online at www.sircon.com/georgia or www.nipr.com.

Electronic applications are the preferred method of submission for Georgia branch agency license applications. Electronic applications contain fewer errors and are processed much faster. 95% of branch applications can be submitted online without issue. There are a small number of entities who will need to submit a paper application due to unique licensing situations. For example, entities with multiple resident licenses may encounter an issue due to difficulties determining which resident license the principal branch location is associated with. For this limited population, please contact Pearson VUE at (800) 274-8969.

All resident and nonresident insurance agencies using a business name or DBA that includes one of the following restricted words must obtain a Name Approval Acceptance: *Assurance, Annuity, Benefit, Discount, Fidelity, Guaranty, Health, Insurance, Indemnity, Life, Medical, Manager, Pharmacy, Reciprocal, Reassurance, Reinsurance, Settlement, Syndicate, Surety, Sharing, and Viatical*. The entity should obtain a Name Approval Acceptance Letter prior to applying for an insurance license. The Name Approval Acceptance Letter must be submitted with the license application. Complete and submit the Name Approval Application online at <https://oci.ga.gov>.

Each agency location must have at least one licensed agent whose primary place of business is that agency location. EXAM RESERVATIONS

Georgia Insurance licensure exams are now available at select Pearson VUE test centers on military installations across the globe. Service members, dependents, and contractors with authorized base access who want to gain Georgia Insurance licensure from their duty station or assignment in another state and foreign deployment will have the option to take their exams without having to leave their base.

In addition to Pearson VUE's standard ID policy, candidates must have valid government ID and authorization to gain access to military testing sites. Civilians without valid government ID will be turned away by the test center and/or military entrance gate security.

To locate a Pearson VUE authorized testing center, visit <http://www.pearsonvue.com/ga/insurance> and select the "Find an on-base test center" link on the lower right-hand side of the page.

MAKING AN EXAMINATION RESERVATION

Walk-in examinations are not available. Online reservations are the most efficient way for candidates to schedule their examination. Candidates **must** go to <http://www.pearsonvue.com/ga/insurance> to make an online reservation for an examination. First-time users are required to create an account. The candidate will need to fill in all required fields, which are preceded by an asterisk (*), on the online form in order to create an ID and be assigned a password. Step-by-step instructions will lead the candidate through the rest of the examination reservation process.

Candidates **must** make an online reservation at least twenty-four (24) hours before the desired examination date. Candidates who wish to make a phone reservation at (800) 274-0488 must do so at least twenty-four (24) hours before the desired examination date (unless an electronic check is used for payment, as detailed below).

Before making a reservation, candidates should have the following:

- Legal name, address, Social Security number, and daytime telephone number
- The school code or name of the school where you completed your pre-licensing training (if applicable)
This information is found on the pre-licensing education certificate
- The name of the examination(s)
- The preferred examination date and test center location

A full list of available test sites can be found at www.pearsonvue.com.

EXAM FEES

The examination fee (\$63) must be paid at the time of reservation by credit card, debit card, or voucher. **Fees will not be accepted at the test center.** Examination fees are non-refundable and non-transferable, except as detailed in the *Change/Cancel Policy*.

Vouchers

Vouchers offer another convenient way to pay for tests. Vouchers can be purchased online at <https://wsr.pearsonvue.com/vouchers/pricelist/gains.asp> by credit card either singly or in volume. To redeem a voucher as payment when scheduling a test, simply indicate voucher as the payment method and provide the voucher number. **All vouchers are pre-paid. Vouchers are non-refundable and non-returnable.**

Vouchers expire twelve (12) months from the date they are issued. Voucher expiration dates cannot be extended. The exam must be taken by the expiration date printed on the voucher.

Candidates are individually liable for the full amount of the examination fee once a reservation has been made, whether paid individually or by a third party.

WEATHER DELAYS AND CANCELLATIONS

If severe weather or a natural disaster makes the test center inaccessible or unsafe, the examination may be delayed or canceled. Pearson VUE will notify and reschedule candidates in the case of severe weather.

ACCOMMODATIONS

Pearson VUE complies with the provisions of the Americans with Disabilities Act as amended. The purpose of accommodations is to provide candidates with full access to the test. Accommodations are not a guarantee of improved performance or test completion. Pearson VUE provides reasonable and appropriate accommodations to individuals with documented disabilities who demonstrate a need for accommodations.

Test accommodations may include things such as:

- A separate testing room
- Extra testing time
- A Reader or Recorder, for individuals with mobility or vision impairments and cannot read or write on their own

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include:

- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- A description of past accommodations the candidate has received

The steps to follow when requesting test accommodations vary, depending on your test program sponsor. To begin, go to <http://pearsonvue.com/accommodations>, and then select your test program sponsor from the alphabetized list. Candidates who have additional questions concerning test accommodations may contact the ADA Coordinator at accommodationspearsonvue@pearson.com.

ENGLISH AS A SECOND LANGUAGE (ESL)

Candidates for whom English is a second language (ESL) may request additional time for the examination by sending the *English as a Second Language (ESL) Request Form* (found in the back of this Candidate Handbook) to Pearson VUE. Candidates **MUST** include a letter from either his/her English instructor or sponsoring company (on official letterhead if from a company) stating that English is not the candidate's primary language.

Candidates should not attempt to make a reservation until after they have been notified by Pearson VUE via email that their request for additional time has been approved. The length of the examination will be equal to 1-1/2 times the length of the examination. For example, a 2 hour examination will be extended to 3 hours. NOTE: NO OTHER accommodations will be granted for ESL, i.e. separate testing room, reader, marker, etc. These accommodations are for individuals who qualify under the American's with Disability Act (ADA) only.

Candidates who have additional questions about ESL examinations should contact the Special Examination Coordinator at (800) 466-0450.

Candidates should not attempt to make an examination reservation until after they have been notified by Pearson VUE that their request for additional time has been approved.

The approval of additional time will be for one (1) year from the date of the request for the level you have requested. Candidates who have additional questions about ESL examinations should contact the Special Examination Coordinator at (800) 466-0450.

Candidates who need to reschedule or need to retest should notify Pearson VUE Special Accommodations that special arrangements were used for the prior examination.

SPANISH EXAMS

Spanish versions of some examinations are available. Candidates who would like to take an examination in Spanish should indicate this when they contact Pearson VUE when making a reservation. However, candidates taking a Spanish version of the exam can switch back and forth between Spanish and English at any time during the exam.

Exams available in Spanish are noted in the Test Center exam table on page 20.

EXAM DAY

WHAT TO BRING

Required Materials

All candidates are required to bring identification deemed acceptable to the test center on examination day.

REQUIRED MATERIALS

Candidates who do not present the required items will be denied admission to the examination, will be considered absent, and will forfeit the examination fee.

Acceptable Forms of Candidate Identification

Candidate must present **two** forms of current signature identification. The name on the identification must exactly match the name on the registration. The primary identification must be government-issued, and photo-bearing with a signature and the secondary identification must contain a valid signature. Identification must be in English.

Primary ID (photograph and signature, not expired)

- Government-issued Driver's License
- U.S. Dept. of State Drivers License
- U.S. Learner's Permit (plastic card only with photo and signature)
- National/State/Country Identification Card
- Passport
- Passport card
- Military ID
- Military ID for spouses and dependents
- Alien Registration Card (Green Card, Permanent Resident Visa)

Secondary ID (signature, not expired)

- U.S. Social Security Card
- Debit (ATM) or Credit card
- Any form of ID on the Primary list

If the ID presented has an embedded signature that is not visible (microchip), difficult or impossible to read, the candidate must present another form of identification from the Primary ID or Secondary ID list that contains a visible signature.

Pearson VUE does not recognize grace periods. For example, if a candidate's driver's license expired yesterday and the state allows a 30-day grace period for renewing the ID, the ID is considered to be expired.

EXAM PROCEDURES

Candidates should report to the test center thirty (30) minutes before the examination and check in with the test center administrator. The candidate's identification and other documentation will be reviewed and they will be photographed for the score report.

Candidates are required to review and sign a **Candidate Rules Agreement** form. If the **Candidate Rules Agreement** is not followed and/or cheating or tampering with the examination is suspected, the incident will be reported as such and the appropriate action will be taken. The examination fee will not be refunded, the exam may be determined invalid, and/or the state may take further action.

Candidates will have an opportunity to take a tutorial on the computer on which the examination will be administered. The time spent on this tutorial will not reduce the examination time. The examination administrators will answer questions, but candidates should be aware that the administrators are not familiar with the content of the examinations or with the state's licensing requirements. Examination administrators have been instructed not to advise candidates on requirements for licensure. Candidates are responsible for determining which examinations they need to take.

Once candidates are familiar with the examination unit, they may begin the examination. The examination begins the moment a candidate looks at the first question. The time allotted for each examination is detailed on the back cover of this handbook. After the examination time has expired, the examination unit will automatically turn off. Candidates will leave the test center with their official scores in hand.

ABOUT THE EXAM

The content of the general examination is based upon information obtained from a job analysis performed by Pearson VUE. Responses from insurance professionals were analyzed to determine the nature and scope of tasks they perform and the knowledge and skills needed to perform them. This information is the basis upon which examination questions are written and ensures that examinations reflect the practice of insurance. The examination has been developed to reflect the laws, statutes, rules, and regulations for the practice of insurance in Georgia, and has been reviewed and approved by Georgia insurance professionals.

The passing score for the examination is determined by the Georgia Insurance Department (GID). Through standardization and control, Pearson VUE ensures that no individual has an unfair disadvantage or advantage because of a particular examination format.

Pearson VUE maintains examination administration and examination security standards designed to ensure that all candidates are given the same opportunity to demonstrate their abilities and to prevent some candidates from gaining an unfair advantage over others because of irregularities or misconduct. Pearson VUE routinely reviews irregularities and examination scores believed to be earned under unusual or nonstandard circumstances.

Pearson VUE maintains the right to question any examination score whose validity is in doubt because the score may have been obtained unfairly. Pearson VUE first undertakes a confidential review of the circumstances contributing to the questions about score validity. If there is sufficient cause to question the score, Pearson VUE will refer the matter to the state licensing agency, which will make the final decision on whether or not to cancel the score.

The performance of all candidates is monitored and may be analyzed statistically for the purpose of detecting and verifying fraud. If it is determined that a score has questionable validity, the GID will be so notified and will determine whether the candidate's scores will be released.

Each examination is given in a multiple-choice format. The examination covers basic insurance product knowledge and insurance laws, rules, regulations and practices that are unique to Georgia.

Scores on each examination are based on the number of questions answered correctly. Those who are uncertain about the correct answer to a question may be able to eliminate one or more of the answer choices as incorrect. It is always better to guess at the correct answer than to not answer a question.

EXAMINATION QUESTIONS

All examination questions, each form of the examination, and any other examination materials are copyrighted and are the property of Pearson VUE. Consequently, any distribution of the examination content or materials through any form of reproduction or oral or written communication is strictly prohibited and punishable by law.

SCORE EXPLANATION

Percent Score

There are multiple versions of each of the licensing examinations. These versions are known as *forms*. All forms of an examination are developed based on the content outlines. To ensure that no candidate is put at an unfair advantage or disadvantage due to the particular form of an examination that he or she is given, a statistical procedure known as equating is used to attain comparable form difficulty.

The passing score of an examination was set by the Georgia Insurance Department (GID) after a comprehensive study was completed for each examination. The examination score is reported as a percent score on a scale of 0%-100%. It is the percentage of questions answered correctly on the examination. You need to answer 70% of questions correctly in order to pass the examination.

SCORE REPORTING

When candidates complete the examination, they will receive a score report marked “pass” or “fail”. Examination results will not be given by phone.

Candidates who fail the examination will receive a score report that includes a numeric score and diagnostic information as well as information about reexamination. Appointments for reexamination are not made at the test center. **Candidates must wait 24 hours before scheduling a reexamination.**

RETAKE POLICY

A candidate who fails an exam can schedule the new exam within one day but must wait 14 days to retest after exam attempts one and two. A candidate must wait 60 days after the third exam attempt and any subsequent attempts. There is no limit on the number of attempts a candidate can take the same exam.

REVIEW OF EXAMS

For security reasons, examination material is not available to candidates for review.

QUESTIONS OR COMMENTS ABOUT THE EXAM

There are no provisions for allowing failing or passing candidates to review their examination results. Pearson VUE insurance licensing examinations are secure examinations and are not available for general distribution. Those who have questions, comments, or concerns about the examinations, or who wish to verify any data held in Pearson VUE files, should direct written inquiries to:

Pearson VUE/Insurance Licensing Program

Attn: Regulatory Program Coordinator

5601 Green Valley Drive, Bloomington, MN 55437

In all correspondence, candidates should give their name and address. If questions or comments concern an examination already taken, they should also include the name of the examination, the date the examination was taken, the location of the test center, and their confirmation number.

DUPLICATE SCORE REPORTS

As of November 16, 2021, candidates may obtain a copy of their score report by logging into their Pearson VUE account. For candidates who tested prior to November 16, 2021, a duplicate score report can be requested by emailing Pearson VUE at pearsonvuecustomerservice@pearson.com.

TEST CENTER POLICIES

The following policies are observed at each test center. **Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the examination fee.**

- **No personal items are allowed in the testing room.** Personal items include but are not limited to: cellular phones, hand-held computers or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, and/or notes, pens or pencils.
- Candidates must store all personal items in a secure area as indicated by the administrator, or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. **The test center is not responsible for lost, stolen, or misplaced personal items.**
- Studying **is not** allowed in the test center. Visitors, children, family or friends **are not** allowed in the test center.
- Dictionaries, books, papers (including scratch paper), and reference materials are not permitted in the examination room (unless permitted by the exam sponsor), and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide the candidate with materials to make notes or calculations and any other items specified by the exam sponsor. **The candidate may not write on these items before the exam begins or remove these items from the testing room.**
- Eating, drinking, chewing gum, smoking, and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
- Break policies are established by the exam sponsor. Most sponsors allow unscheduled breaks. To request an unscheduled break, the candidate **must** raise their hand to get the administrator's attention. **The exam clock will not stop while the candidate is taking a break.**
- Candidates must leave the testing room for all breaks. However, candidates **are not permitted to leave the floor or building for any reason during this time, unless specified by the administrator and the exam sponsor.** If a candidate is discovered to have left the floor or building they will not be permitted to proceed with the examination and may forfeit the exam fees.
- While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary—for example, personal medication that must be taken at a specific time. **However, a candidate must receive permission from the administrator prior to accessing personal items that have been stored.** Candidates are **not** allowed access to other items, including but not limited to, cellular phones, exam notes, and study guides, unless the exam sponsor specifically permits this.
- Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct—giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing examination materials or notes from the examination room—will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency.

PREPARING FOR THE EXAM

HELPFUL HINTS

- Double check physical address to ensure you can arrive 30 minutes prior to your exam time.
- Ensure you have the proper identification for exam entrance.

Examination scores are based on the number of questions answered correctly. If a candidate is uncertain about the correct answer, it is better to provide an answer rather than not provide an answer as there is no penalty for incorrect answers.

CONTENT OUTLINES

Each examination is based on a detailed content outline of topics, subtopics, and references to applicable state laws, statutes and regulations. These content outlines are provided to publishers of study materials and to state-approved education providers for their use in developing and updating their educational materials and programs. Content outlines are updated periodically to reflect changes in practice, state laws and regulations. Georgia offers these content outlines as part of the handbook.

They list the topics covered in each examination, and candidates should be sure their program of study covers all the topics listed in these content outlines. The content outlines are not meant to include everything that appears on the examinations. The state-specific study materials for a chosen area(s) of insurance will provide the most complete review of the information that candidates will be expected to know.

Candidates may obtain content outlines by visiting www.pearsonvue.com.

STUDY MATERIALS

Other study materials besides the content outlines include:

- **The Georgia Agents' Licensing Study Manual** (Life and Accident and Sickness or Property and Casualty)
- Sections 33-1-9 and 33-1-16 and Chapters 33-5, 33-6, 33-7, 33-23, 33-24, 33-25, 33-26, 33-27, 33-28, 33-29, 33-30, 33-31, 33-32, 33-33, 33-34, 33-39, 33-42, 33-43, 33-44, 33-50, and 33-51 of the Office Code of Georgia Annotated and corresponding regulations
- Policies, endorsements, riders, and other policy contract documents
- Such additional material as prescribed by regulations or identified by the Commissioner of Insurance

PRETEST QUESTIONS

Many of the examinations will contain "pretest" questions. Pretest questions are questions on which statistical information is being collected for use in constructing future examinations. Responses to pretest questions do not affect a candidate's score. Pretest questions are mixed in with the scored questions and are not identified.

The number of pretest questions are listed in the content outline heading of each examination for which they are available. If a number is not present then there are no pretest questions for that particular examination.
